DETAILED ACTION

Claim Rejections - 35 USC § 101

1. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

the claimed invention is directed to non-statutory subject matter. Claim 22 is a program. A program is nothing more than instructions. Or in the case of a computer, data that represents instructions. In order to overcome this rejection, claim 22 needs to be amended so that it claims more than just a program.

Allowable Subject Matter

2. Claims 12-21 are allowed. Applicant's remarks filed February 16, 2006 are deemed persuasive and appear allowable for the reasons set forth in those remarks.
